

# SUMITRA KAFLE

Aspiring Front End Developer

Kathmandu, Nepal | 976-778-3050 | sonukafle1@gmail.com | [GitHub](#)

---

## OBJECTIVE

Computer Science student with a strong interest in React.js and modern frontend development. Skilled in JavaScript, HTML, CSS, C, and C++, with hands-on experience building responsive and user-friendly web applications. Passionate about creating clean, interactive user interfaces and continuously learning modern web technologies. Seeking a Frontend Developer Internship to apply technical skills, gain industry experience, and contribute to real-world React.js projects.

## EDUCATION

**BSc. Computer Science and Information Technology (CSIT)**

Dec 2022 – Present

*Orchid International College, Tribhuvan University*

**Saptakoshi English Boarding Secondary School**

May 2020 – May 2022

*NEB*

## PROJECTS

**Pasaley – [Ecommerce Web Application](#)**

Practice Project | Role: Front End Developer

- A React-based e-commerce platform featuring role-based authentication for customers and vendors. Developed responsive user interfaces, vendor product management, and customer shopping workflows, including authentication, product browsing, cart management, and order placement

**[ML – Based Dengue Decision Support System](#)** | Final Year Project | Role: Full Stack Developer

Technologies Used: Python, Django, HTML, CSS, JavaScript, SQLite, Machine Learning (Naïve Bayes)

- Developed a full-stack dengue prediction application using Django, SQLite, HTML, CSS, and JavaScript.
- Trained and deployed a Naïve Bayes model for dengue prediction using patient symptom data.
- Integrated machine learning with backend logic and responsive frontend interfaces.
